WHAT PREPME IS

PLATFORM NAME
PrepMe

PLATFORM TYPE
AI Career Coach Platform

MISSION STATEMENT
To democratize career readiness by providing every job seeker — regardless of background or location — with intelligent, personalized guidance and practice tools that make professional preparation accessible, effective, and empowering.

TECHNOLOGY
Artificial Intelligence & Machine Learning

DELIVERY
Web & Mobile Platform (SaaS)

Target Users

WHO PREPME SERVES

PRIMARY USERS

- University Students
- Recent Graduates
- Final-Year Students

SECONDARY USERS

Early-Career Professionals | Job Seekers | Career Changers | Underserved Communities

Core Features

AI-POWERED CAPABILITIES

AI Interview Preparation

Simulates real interview scenarios with role-specific questions. Provides instant feedback, confidence scoring, and improvement guidance after each mock session.

AI Resume Builder & Optimizer

Generates and refines professional resumes tailored to specific job roles. Analyzes keyword alignment with job descriptions and ATS compatibility.

Skills Assessment & Gap Analysis

Evaluates current competencies against target job requirements, identifies skill gaps, and maps out actionable next steps for professional development.

Career Guidance & Recommendations

Delivers personalized career advice, industry insights, and curated job opportunity recommendations based on individual profiles and aspirations.

Personalized Learning Paths

Creates adaptive, milestone-based learning journeys that evolve with user progress. Combines curated resources, exercises, and goal tracking to keep users on a focused path toward career readiness.

Market Focus

GEOGRAPHIC & STRATEGIC REACH

PRIMARY MARKET

MENA Region

Middle East & North Africa — a rapidly growing talent economy with a young, digitally engaged workforce seeking career advancement tools.

SECONDARY MARKET

Global Expansion

Strategic expansion into global markets, targeting emerging economies and multilingual user bases across Asia, Africa, and Europe.

CORE PRIORITY

Accessibility

Prioritizing underserved job seekers who lack access to traditional career coaching, mentorship networks, or career services.

Social Impact & SDG Alignment

UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS

SDG 4

Quality Education

PrepMe bridges the gap in career education by providing accessible, AI-driven skill development tools to users who may lack access to formal career counseling or expensive coaching services.

SDG 8

Decent Work & Economic Growth

By improving users' interview readiness, resume quality, and career clarity, PrepMe directly enhances employability — helping individuals secure meaningful work and contribute to economic growth.

SDG 9

Industry, Innovation & Infrastructure

PrepMe leverages cutting-edge AI to innovate the career development landscape, transforming how candidates prepare for recruitment and how employers identify talent-ready individuals.

SDG 10

Reduced Inequalities

PrepMe removes socioeconomic, geographic, and network-based barriers to career support — ensuring that quality career preparation is not a privilege reserved for those with elite connections or resources.

SDG 5

Gender Equality

PrepMe is designed with inclusive, gender-neutral features that support equal access to career preparation tools — empowering all users, regardless of gender, to compete confidently in the job market.

SDG
17

Partnerships for the Goals

PrepMe fosters collaboration between students, universities, and employers through shared platform access — creating a tri-directional ecosystem that aligns talent supply with market demand.
